## Inno4SD.net PhD & Early Career Academy 2018 “Innovation and knowledge for Sustainable development” Ferrara, 17 September 2018

The 2018 **PhD Academy “Innovation and knowledge for Sustainable development”** is organised by the **Inno4sd network** ([www.inno4sd.net](http://www.inno4sd.net)). The event will be held at the **Department of Economics and Management** of the **University of Ferrara**.

The **objectives** of the **academy** are:

1. Provide a space for knowledge sharing for and learning to young scholars interested in topics related to innovation and sustainable development
2. Provide opportunity for PhD candidates to present their work
3. Network opportunity for PhD candidates
4. Opportunity for PhD candidates to submit work to partners in the inno4sd and affiliated networks to review and receive feedback on the work submitted

INNO4SD is an international network that brings together key stakeholders who are interested in innovation for sustainable development. It is an open network with a research-based agenda for learning and for change, which invites multiple perspectives on sustainable development to be established, scrutinised and deployed. Since SEEDS is a partner of the project funded by European Union's Horizon 2020 research and innovation programme, a dedicated session to present main project's achievements, engage potential partners and discuss future agenda is organised. The agenda will be released in early April.
